And What Have You

By BOB CRAIG

Those of you who plan to be out of town Saturday, June 1, need to make plans now to vote absentee by Tuesday at 5 p.m. Jones County voters will be deciding who will represent us in Austin and as County Judge as both of these positions were forced into runoffs following the first Democratic Primary, May 4.

Hopefully, now that the State Track Meet is behind us, we will have a better turnout of voters. Only about 35 percent of the qualified voters cast ballots in the last Primary and it will be a shame if we do not do better than that this time.

Based on the idea of "If you don't vote—don't gripe," then we shouldn't have many grippers around the state.

Hamlin area voters gave a huge majority of votes to Mike Young in the State Representative race and to Leon Thurman in the race for County Judge. But those votes were for naught if these same voters do not vote again in the Second Primary and bring some others out with them.

Because, as we said before the last election, we feel that these two men are the best qualified to serve us, we hope that Hamlin voters will turn out in sufficient numbers to put both Mike Young and Judge Leon Thurman in office.

We struggled through two years without adequate representation in Austin and now that we have a chance to improve that situation by electing Young to the House seat, it would be almost criminal to sit back and let someone else decide that we need two more years without a strong voice in state affairs.

And, again, we would urge your support for Judge Thurman for County Judge. We support his bid for re-election for a number of reasons. First, he has done a good job for us in that position, but more importantly, he is the only truly qualified candidate.

While it is true that many counties, including Taylor, get by with their Judge not being a lawyer, it leaves it up to the County Attorney to make the legal decisions. And since we do not have an active County Attorney we greatly need a Judge who is a lawyer.

And as we pointed out before the last election, we owe Judge Thurman a debt of gratitude because he stood up for us in our efforts to get our Hospital District bill passed in Austin. Without his help we likely would not have been able to overcome the opposition down there.

But, as we have repeated so many times before, the main thing is for you to exercise your right as a citizen and vote.

Out of the 59 seniors who will graduate here Friday evening, 34 have indicated that they plan to go on to college. Unfortunately, these graduating seniors seem to be caught in the middle of a shift in career opportunities.

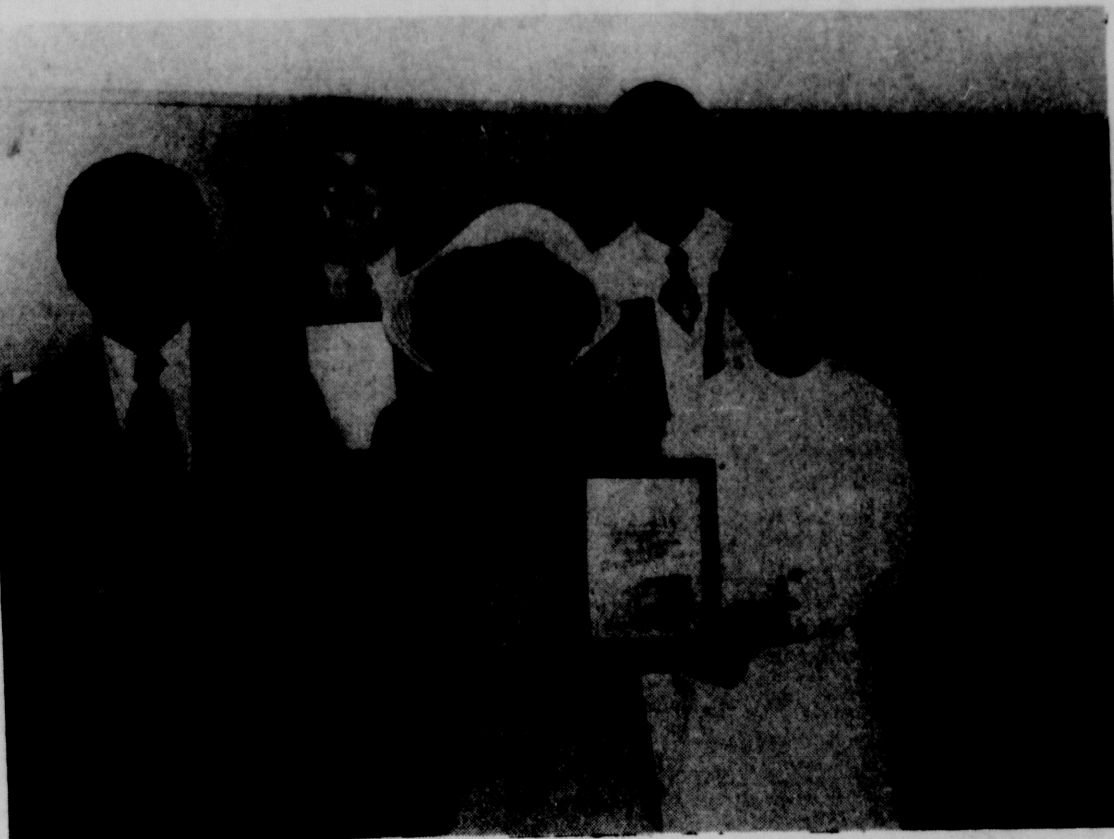

According to the result of a newly released study by the Advisory Council for Technical-Vocational education in Texas only 20 percent of the jobs that will be available upon their graduation from college will require a college education.

The study revealed that 50 percent of the high school seniors in 16 Texas communities say they plan to go to college next year.

The problem of under-employment and over education will continue until those who influence students in their career choices give more realistic educational advice. That's the word of the study.

"Not all those who plan to attend college will finish, but their participating in college degree

Mike Dykes, line coach for the University of Texas at Austin Longhorns, offered three reasons for the tremendous success of the Pipers during the past year. The first was good mammas and daddies, the second was a great coaching staff and the final reason was people with ability who were willing to pay the price.

Dykes, who was introduced by Athletic Director David Bonds, offered the three "C's" of success to the athletes who would be returning to play for the Pipers next year.

Parker Has First Wheat Cut In Area

Kenneth Parker brought in the first wheat of the season last Wednesday (May 15) to Moore Elevator. Grown near McCauley, the wheat showed 60 lbs. test weight and 13.3 percent moisture. The market price was \$3.40 per bushel.

Opening price here last year was \$2.60 when the first load was brought in on May 27.

A bumper crop was harvested here last year but estimates are that only about half a crop will be realized this season. Harvest, now in full swing, is expected to be completed in a week to ten days, if present weather conditions prevail.

Yield is running from six to 17 bushels per acre, according to Robert Fowler, manager of Moore Elevator. It is very good quality and is grading dark hard, he added.

Tuesday afternoon the price was down to \$3.10 per bushel and at 9 a.m. Wednesday the price was \$3.10.

Faced with a \$60,000 increase in budgeted expenses for the coming year over this past year's budget, the Hamlin City Council voted Monday to increase the City's tax rate from \$1.20 per hundred to \$1.30 per hundred and increased the charge for sewer and garbage pickup from \$4.50 a month to \$5.00.

Among the major items causing the increases in the budget for the coming year are: \$21,000 for street repairs (seal coating), \$15,000 increase in salaries, \$14,000 for a new garbage truck and \$20,000 for the waste treatment plant. Other increases are for insurance and the general increases because of inflation.

In the new budget adopted by the Council Monday the expenditures show an increase over last year's budget from \$200,176.00 to \$260,370.00. The city's actual expenditures for this past fiscal year were \$214,042.12, an increase of \$13,866.12.

The increase in tax rate and the increase in garbage and sewer collection fees are expected to increase the city's revenue by about \$29,000. To over come the balance of the deficit, the Council plans to spread some of the major expense over a two-year period.

Doubleheader

There will be a double header baseball game played at the Hamlin Pony League Park this Sunday beginning at 1:30 p.m.

The Hamlin Hawks will play the first game against Merkel; and the Hamlin Athletics will play the second game against Stamford.

The major increase in salaries was brought on by the new minimum wage law that went into effect for cities May 1.

During the session, the Council members accepted the low bid of Albritton Motor Company of \$2,900 for a 1974 Chevrolet Nova for the Police Department. The city is trading in a 1971 Ford. They also accepted the bid of Connally Ford Sales of \$8,095.44 for a 1975 F750 Ford chassis to be used for a new garbage truck. The city will advertise for bids for the truck bed at a later date.

Broken down by depart-

ments, the new budget includes the following expenditures: sewer \$26,700, street \$42,360, police \$64,000, fire \$7,540, administration \$61,840, maintenance \$37,730 and wastewater plant \$20,000 for a total of \$360,370.

Projected revenues before the increase in the tax rate and sewer and garbage charges were: sewer sales \$65,000, occupation tax \$200, fines \$5,500, street franchise \$6,300, sales tax \$36,000, leases \$1,800, miscellaneous \$3,000, interest \$4,000, tax collections \$65,000, and tax service \$3,600 for a total of \$190,400.

programs will contribute to a continued growth in under-employment and over education," the council said.

In other words, we're sending kids to college to educate them for jobs that don't exist... or won't exist by the time they get out of school.

Or to turn the coin another way, 80 percent of the jobs that will be available in 1978 or 1979 will neither

need nor require a college education.

Somewhere down the line we are going to have to remove the stigma that we have always attached to any high school graduate who does not go on to college. Between the lack of vocational training in our high schools and this general idea that every high school graduate must go on to college to avoid being a failure, we are creating a monster.

Fortunately, our schools are making progress in changing over to more vocational training and more career orientation. But it will take some time to re-educate the public to the idea that people can be successful without a college degree.

Elect an attorney as County Judge, and Leon Thurman is the only attorney in the race for County Judge of Jones County.

A good percent of the Counties in the State of Texas do not have an attorney as county judge; but most of the counties with the population the size of Jones County, with the work load, who do not have an attorney in the office of county judge have had to go to a County Court at Law, and the minimum cost of a County Court at Law would be around \$25,000.00 annually. Jones County does not need this expense.

The law, effective January 1, 1974, will not allow any person to act as juvenile judge unless that person is a licensed attorney. Let's keep our Juvenile Court jurisdiction in the County Court.

Re-elect Leon Thurman who is qualified for the office of County Judge of Jones County, Texas, by being a licensed attorney and by experience.

ELMER CLAIMS 'Lowest Spender'

"Elmer Martin was one of 15 Legislators spending less than \$1,500 last fiscal year for office, travel and other expenses."

ELMER CLAIMS 'Pay as You Go'

In his first term as State Representative Elmer Martin took with him to Austin his pay-as-you-go policy tested 12 years as County Judge of Mitchell County.

ELMER CLAIMS 'One of State's Most Effective Legislators'

"In his first term as State Representative for your 61st district, Elmer Martin passed more legislation than two-thirds of the entire house... Elmer Martin is a breath of fresh air for the Texas Legislature..."

★ THE FACTS ARE He Paid Joe Bell More

The fact is that Elmer Martin did nothing to communicate with voters in District 61 until this election year. As soon as campaign time arrived, Elmer hired Joe Bell at \$800 per month as "legislative aid" at a time the legislature was not even in session. Elmer, what were your office expenses with Joe Bell on the taxpayers' payroll?

★ THE FACTS ARE Briscoe Did It

Come on, Elmer, it was Gov. Dolph Briscoe's pledge for no new taxes and to live within the budget. Besides, after 12 years, the voters of Mitchell County voted to relieve you of office.

★ THE FACTS ARE A Piece of Furniture

Aw, come off it, Elmer. You know Texas Monthly said of you in the July, 1973, edition: "The term 'furniture' is casually used around the legislature to describe members who have no discernable ability to grasp what is going on, and who for that reason do not participate to any significant extent in the proceedings..." Elmer Martin was called furniture by State House observers.

Mrs. Thompson Completes Food Course

Mrs. Bill Thompson of the Holiday Lodge Nursing Home in Hamlin has successfully completed a 115 hour training course in food service supervision sponsored by the vocational education section

of the Abilene Public Schools. She received her certificate in graduation ceremonies Sunday, May 5 at the Amy Graves Ryan Center of Fine Arts on the McMurry Campus in Abilene.

The course involved both classwork and on-the-job activities. The main purpose of the course is to increase the knowledge and skills of the food service supervisors in health care institutions so

that they may provide better and more effective patient care. A secondary benefit of the course is a general upgrading of the quality of kitchen management. The students are trained in leadership and supervisory skills such as communication, motivation,

work improvement, and training methods. They study in detail sanitation measures, personal hygiene, and general housekeeping standards for quantity food service. Kitchen safety and fire prevention is also studied. The curriculum included training in menu

planning, food purchasing and storage, principles of food preparation, and various methods of serving food to maintain temperature and quality. Special emphasis was given to the study of nutrition and planning of modified diets. This course has the ap-

proval of the American Dietetic Association which serves as the national accrediting organization for such courses. Graduates of the course are now eligible to join the national organization for trained food service supervisors, The Hospital, Institution, and Educational

Food Service Society. VACATION BIBLE SCHOOL The Nazarene Church has announced Vacation Bible School to begin Monday June 3 to go through June 8. Classes will begin each morning at 8:30 through 11:30.

Be Sure We Vote June 1 To Re-Elect Elmer Martin

His Record for Us Proves State Rep. Martin Honestly Good for 2nd Term

★ FOR US

Elmer Martin was a key supporter in hammering out our State's first no-new-tax budget in 13 years. All state expenditures paid for on a pay-as-you-go basis with a budget surplus.

★ FOR US

Elmer Martin was one of 15 Legislators spending less than \$1,500 last fiscal year for office, travel and other expenses. The other 135 Legislators spent more of your tax dollars, ranging up to and above \$15,000 each.

Backed by 88% at Home

Elmer Martin lacked only 162 votes in the May 4 Democratic Primary of winning over 2 Abilene opponents without a runoff. With this leading support came an unprecedented testimony from his home County of Mitchell. A total of 1,929 Mitchell County voters cast ballots. An overwhelming 88 per cent — 1,702 of those votes — were for Elmer Martin's re-election. This is extraordinary testimony, from those who know him longest and best, that Elmer Martin measures up to the highest mark for honesty, integrity and effective service.

★ FOR US

When the Federal Energy Office in Washington unjustly cut back 20 per cent of the gasoline and oil supplies for our Rural Electric Co-ops, Elmer Martin alone intervened for the co-ops. Result: the Energy Office admitted error, back-tracked, restored all Texas co-ops to original supply.

★ FOR US

As member of Environmental Affairs Committee Elmer Martin helped block big-city legislation that would have given the public the right to cross privately-owned cropland and pasture to reach recreational, scenic and environmental sites.

Leads in Getting the Job Done

In his first term as State Representative for our 61st District, Elmer Martin proved one of Texas' most effective legislators. Elmer Martin passed more legislation than two-thirds of the entire House. Of the 77 first-term State Representatives, only 10 passed more legislation than Elmer. In all, Elmer Martin sponsored or carried 7 bills that were adopted into law. He sponsored an 8th bill adopted by the House and a 9th that was reported favorably out of committee but was caught by adjournment before vote.

★ FOR US

Elmer Martin was an advocate, supporter of the entire government reform that brought us Ethics and Financial Disclosure, Open Meetings, Campaign Disclosure, Access to Public Information, Laws Against Bribery, Corruption.

★ FOR US

Elmer Martin co-sponsored the Texas Constitutional proposal for taxing agricultural land in relation to land productive capacity. This has been approved on 2nd reading in the Convention.

State Rep. Elmer Martin Is Best For Us Because He Is One of Us!

No doubt about Elmer Martin. He is one of us. Elmer lives in a small town, earns his living from a nearby small farm. Small towns and rural communities like ours make up more than 75 per cent of our 5-county Legislative District 61 (Nolan, Fisher, Jones, Mitchell and mostly rural Taylor counties). The other 20-25 per cent are from inside Abilene. Martin's June 1 run-off election opponent is a metro-city lawyer from Abilene, which already has a State Senator and one State Representative, both lawyers. Our small towns and agriculture communities need more voice in Austin, not less. We need more of Elmer Martin.

The above plat shows Jones County as being the only County in a 16 County area that has an Attorney as its COUNTY JUDGE.

The Citizens of 15 of these Counties have continued to elect a Layman as THEIR County Judge year after year.

These Counties have not had to raise TAXES because of their election of a LAYMAN as their County Judge, nor will it be necessary for JONES COUNTY to raise TAXES simply because they elect a Layman instead of an Attorney as THEIR County Judge as has been ADVOCATED by the OPPOSITION in this Campaign.

The records in Austin show that ONLY 66 of the 254 Counties of Texas have an Attorney as County Judge. These FACTS can be verified and I welcome your investigation.

Your continued support and vote will be appreciated.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Those of you who plan to be out of town Saturday, June 1, need to make plans now to vote absentee by Tuesday at 5 p.m. Jones County voters will be deciding who will represent us in Austin and as County Judge as both of these positions were forced into runoffs following the first Democratic Primary, May 4.

Hopefully, now that the State Track Meet is behind us, we will have a better turnout of voters. Only about 35 percent of the qualified voters cast ballots in the last Primary and it will be a shame if we do not do better than that this time.

Based on the idea of "If you don't vote—don't gripe," then we shouldn't have many grippers around the state.

Hamlin area voters gave a huge majority of votes to Mike Young in the State Representative race and to Leon Thurman in the race for County Judge. But those votes were for naught if these same voters do not vote again in the Second Primary and bring some others out with them.

Because, as we said before the last election, we feel that these two men are the best qualified to serve us, we hope that Hamlin voters will turn out in sufficient numbers to put both Mike Young and Judge Leon Thurman in office.

We struggled through two years without adequate representation in Austin and now that we have a chance to improve that situation by electing Young to the House seat, it would be almost criminal to sit back and let someone else decide that we need two more years without a strong voice in state affairs.

And, again, we would urge your support for Judge Thurman for County Judge. We support his bid for re-election for a number of reasons. First, he has done a good job for us in that position, but more importantly, he is the only truly qualified candidate.

While it is true that many counties, including Taylor, get by with their Judge not being a lawyer, it leaves it up to the County Attorney to make the legal decisions. And since we do not have an active County Attorney we greatly need a Judge who is a lawyer.

And as we pointed out before the last election, we owe Judge Thurman a debt of gratitude because he stood up for us in our efforts to get our Hospital District bill passed in Austin. Without his help we likely would not have been able to overcome the opposition down there.

But, as we have repeated so many times before, the main thing is for you to exercise your right as a citizen and vote.

Out of the 59 seniors who will graduate here Friday evening, 34 have indicated that they plan to go on to college. Unfortunately, these graduating seniors seem to be caught in the middle of a shift in career opportunities.

According to the result of a newly released study by the Advisory Council for Technical-Vocational education in Texas only 20 percent of the jobs that will be available upon their graduation from college will require a college education.

The study revealed that 50 percent of the high school seniors in 16 Texas communities say they plan to go to college next year.

The problem of under-employment and over education will continue until those who influence students in their career choices give more realistic educational advice. That's the word of the study.

"Not all those who plan to attend college will finish, but their participating in college degree

AWARD WINNERS—Outstanding Hamlin High School athletes were honored here Friday evening during the annual All-Sports banquet sponsored by the Pied Piper Booster Club. Receiving awards for their various sports were: left to right, Johnny Jones, back of the year; Ray Scifres, lineman of the year; Mary Ann Cork, girls basketball; David Willis, boys basketball and best all-around athlete; Kathy Hooper, girls track; and Bill Cork, boys track.

Best All-Around Athlete Award Goes to David Willis

David Willis, Hamlin High senior, was presented the Best All-Around Athlete award at the All-Sports Banquet here Friday evening in the high school cafeteria. Willis, who lettered in football, basketball and track for the Pipers, was also presented the Basketball award.

Other award winners were Ray Scifres, Lineman of the Year; Johnny Jones, Back of the Year; and Bill Cork, the Track award. Girls receiving honors were Mary Ann Cork, Most Valuable Basketball

Player, and Kathy Hooper, Girls Track Award.

New officers for the coming year were also introduced at the banquet sponsored by the Pied Piper Booster Club. Frank Shearer, outgoing president, introduced the following officers for the 1974-75 year: Robert Moore, president; Rodger Bell, vice president; Johnny Steele, secretary-treasurer; Mrs. Charles (Margaret) Evans, Mrs. Rex (Nina) Reynolds and Mrs. Gerald (Rita) Young, directors.

Pike Dykes, line coach for the University of Texas at Austin Longhorns, offered three reasons for the tremendous success of the Pipers during the past year. The first was good mammas and daddies, the second was a great coaching staff and the final reason was people with ability who were willing to pay the price.

Dykes, who was introduced by Athletic Director David Bonds, offered the three "C's" of success to the athletes who would be returning to play for the Pipers next year.

His three "C's" were:

Parker Has First Wheat Cut In Area

Kenneth Parker brought in the first wheat of the season last Wednesday (May 15) to Moore Elevator. Grown near McCaulley, the wheat showed 60 lbs. test weight and 13.3 percent moisture. The market price was \$3.40 per bushel.

Opening price here last year was \$2.60 when the first load was brought in on May 27.

A bumper crop was harvested here last year but estimates are that only about half a crop will be realized this season. Harvest, now in full swing, is expected to be completed in a week to ten days, if present weather conditions prevail.

Yield is running from six to 17 bushels per acre, according to Robert Fowler, manager of Moore Elevator. It is very good quality and is grading dark hard, he added.

Tuesday afternoon the price was down to \$3.10 per bushel and at 9 a.m. Wednesday the price was \$3.10.

Commencement Exercises Set Friday for 59 Seniors

Mrs. Jewell Harris, Consultant for Region III, Texas State Teachers Association, will be the speaker for the Hamlin High School Commencement exercises for the Class of '74.

Faced with a \$60,000 increase in budgeted expenses for the coming year over this past year's budget, the Hamlin City Council voted Monday to increase the City's tax rate from \$1.20 per hundred to \$1.30 per hundred and increased the charge for sewer and garbage pickup from \$4.50 a month to \$5.00.

Among the major items causing the increases in the budget for the coming year are: \$21,000 for street repairs (seal coating), \$15,000 increase in salaries, \$14,000 for a new garbage truck and \$20,000 for the waste treatment plant. Other increases are for insurance and the general increases because of inflation.

In the new budget adopted by the Council Monday the expenditures show an increase over last year's budget from \$200,176.00 to \$260,370.00. The city's actual expenditures for this past fiscal year were \$214,042.12, an increase of \$13,866.12.

The increase in tax rate and the increase in garbage and sewer collection fees are expected to increase the city's revenue by about \$29,000. To cover the balance of the deficit, the Council plans to spread some of the major expense over a two-year period.

Revelations Here Again

"The Revelations," an evangelistic group from Coleman will return to Calvary Baptist Church for services here Sunday in the absence of the pastor, the Rev. Walter Hickman.

"The Revelations" conducted a weekend revival here recently. The group is composed of Mr. and Mrs. Phill Parnell, Kathy Carter and Marvin Hall.

Mr. and Mrs. Tommy Eugene Beach are parents of a girl, Tina Lynn, 5 lbs. 9 1/2 oz. born May 18 at 5:44 a.m.

City Hikes Tax Rate, Garbage, Sewer Fees

The major increase in salaries was brought on by the new minimum wage law that went into effect for cities May 1.

During the session, the Council members accepted the low bid of Albritton Motor Company of \$2,900 for a 1974 Chevrolet Nova for the Police Department. The city is trading in a 1971 Ford. They also accepted the bid of Connally Ford Sales of \$8,095.44 for a 1975 Ford chassis to be used for a new garbage truck. The city will advertise for bids for the truck bed at a later date.

Broken down by department,

the new budget includes the following expenditures: sewer \$26,700, street \$42,300, police \$64,000, fire \$7,540, administration \$61,840, maintenance \$37,730 and wastewater plant \$20,000 for a total of \$260,370.

Projected revenues before the increase in the tax rate and sewer and garbage charges were: sewer sales \$65,000, occupation tax \$200, fines \$5,500, street franchise \$6,300, sales tax \$36,000, leases \$1,800, miscellaneous \$3,000, interest \$4,000, tax collections \$65,000, and tax service \$3,600 for a total of \$190,400.

TRIP TO CHICAGO—Ed Thompson, representing Coca-Cola Bottling Company of Abilene, presents Bill Cork with a gift certificate for a round trip to the third annual International Prep Track and Field Invitational to be held in Chicago, Ill. This is one of three invitational meets that the young quartermiler has been invited to take part. The meet is sponsored by the Coca-Cola Bottling Company of Chicago.

Special Bill Cork Track Fund Drive Launched Here

A special fund has been set up to help with expenses for Bill Cork who has been invited to take part in three nationally recognized track and field meets in June.

The fund will be the Bill Cork Track Fund. Raymond Scifres is chairman and is being assisted by Ralph Ferguson. Both will be accepting donations. Contributors may also deposit money to the account at Farmers and Merchants National Bank.

Bill, 19, who will graduate here Friday, holds the Class AA record in the 440-yard dash and is a two-time state champion in his class. He set a new record of 47.2 at the

state meet in Austin May 3.

The invitational meets are Klein's Southwest Track Festival June 1, near Houston; the third annual International Prep Track and Field Invitational at Mt. Prospect (Chicago), Ill., June 8; and Golden West Track and Field Association Invitational Meet in Sacramento, Calif., June 22.

Cork will be accompanied by his coach, Bill Grissom. At Chicago a track conference will be held for the coaches.

Scifres noted that it would take at least \$1,000 to cover expenses of the meets.

Plans Made For Second Flea Market

Hamlin merchants are currently making plans for their second Flea Market and Sidewalk Sale to be held Saturday, June 8, according to Mrs. Robert Fowler, chairman of the Retail Trade Committee of the Hamlin Board of Community Development.

As with previous Flea Markets, all interested people are invited to bring their unwanted or surplus goods to town and sell or swap them on the downtown sidewalks.

A number of local merchants will also be joining these individuals out on the sidewalks with special bargains.

programs will contribute to a continued growth in under-employment and over education," the council said.

In other words, we're sending kids to college to educate them for jobs that don't exist... or won't exist by the time they get out of school.

Or to turn the coin another way, 80 percent of the jobs that will be available in 1978 or 1979 will neither

need nor require a college education.

Somewhere down the line we are going to have to remove the stigma that we have always attached to any high school graduate who does not go on to college. Between the lack of vocational training in our high schools and this general idea that every high school graduate must go on to college to avoid being a failure, we are creating a monster.

Fortunately, our schools are making progress in changing over to more vocational training and more career orientation. But it will take some time to re-educate the public to the idea that people can be successful with out a college degree.

Elect an attorney as County Judge, and Leon Thurman is the only attorney in the race for County Judge of Jones County.

A good percent of the Counties in the State of Texas do not have an attorney as county judge; but most of the counties with the population the size of Jones County, with the work load, who do not have an attorney in the office of county judge have had to go to a County Court at Law, and the minimum cost of a County Court at Law would be around \$25,000.00 annually. Jones County does not need this expense.

The law, effective January 1, 1974, will not allow any person to act as juvenile judge unless that person is a licensed attorney. Let's keep our Juvenile Court jurisdiction in the County Court.

Re-elect Leon Thurman who is qualified for the office of County Judge of Jones County, Texas, by being a licensed attorney and by experience.

Mrs. Thompson Completes Food Course

Mrs. Bill Thompson of the Holiday Lodge Nursing Home in Hamlin has successfully completed a 115 hour training course in food service supervision sponsored by the vocational education section

of the Abilene Public Schools. She received her certificate in graduation ceremonies Sunday, May 5 at the Amy Graves Ryan Center of Fine Arts on the McMurtry Campus in Abilene.

The course involved both classwork and on-the-job activities. The main purpose of the course is to increase the knowledge and skills of the food service supervisors in health care institutions so

that they may provide better and more effective patient care.

A secondary benefit of the course is a general upgrading of the quality of kitchen management. The students are trained in leadership and supervisory skills such as communication, motivation,

work improvement, and training methods. They study in detail sanitation measures, personal hygiene, and general housekeeping standards for quantity food service. Kitchen safety and fire prevention is also studied. The curriculum included training in menu

planning, food purchasing and storage, principles of food preparation, and various methods of serving food to maintain temperature and quality. Special emphasis was given to the study of nutrition and planning of modified diets.

This course has the ap-

proval of the American Dietetic Association which serves as the national accrediting organization for such courses. Graduates of the course are now eligible to join the national organization for trained food service supervisors, The Hospital, Institution, and Educational

Food Service Society.

State Rep. Elmer Martin Stood Up for Us...Now:

Be Sure We Vote June 1 To Re-Elect Elmer Martin

His Record for Us Proves State Rep. Martin Honestly Good for 2nd Term

★ FOR US

Elmer Martin was a key supporter in hammering out our State's first no-new-tax budget in 13 years. All state expenditures paid for on a pay-as-you-go basis with a budget surplus.

★ FOR US

Elmer Martin was one of 15 Legislators spending less than \$1,500 last fiscal year for office, travel and other expenses. The other 135 Legislators spent more of your tax dollars, ranging up to and above \$15,000 each.

Backed by 88% at Home

Elmer Martin lacked only 162 votes in the May 4 Democratic Primary of winning over 2 Abilene opponents without a runoff. With this leading support came an unprecedented testimony from his home County of Mitchell. A total of 1,929 Mitchell County voters cast ballots. An overwhelming 88 per cent — 1,702 of those votes — were for Elmer Martin's re-election. This is extraordinary testimony, from those who know him longest and best, that Elmer Martin measures up to the highest mark for honesty, integrity and effective service.

★ FOR US

When the Federal Energy Office in Washington unjustly cut back 20 per cent of the gasoline and oil supplies for our Rural Electric Co-ops, Elmer Martin alone intervened for the co-ops. Result: the Energy Office admitted error, back-tracked, restored all Texas co-ops to original supply.

★ FOR US

As member of Environmental Affairs Committee Elmer Martin helped block big-city legislation that would have given the public the right to cross privately-owned cropland and pasture to reach recreational, scenic and environmental sites.

Leads in Getting the Job Done

In his first term as State Representative for our 61st District, Elmer Martin proved one of Texas' most effective legislators. Elmer Martin passed more legislation than two-thirds of the entire House. Of the 77 first-term State Representatives, only 10 passed more legislation than Elmer. In all, Elmer Martin sponsored or carried 7 bills that were adopted into law. He sponsored an 8th bill adopted by the House and a 9th that was reported favorably out of committee but was caught by adjournment before vote.

★ FOR US

Elmer Martin was an advocate, supporter of the entire government reform that brought us Ethics and Financial Disclosure, Open Meetings, Campaign Disclosure, Access to Public Information, Laws Against Bribery, Corruption.

★ FOR US

Elmer Martin co-sponsored the Texas Constitutional proposal for taxing agricultural land in relation to land productive capacity. This has been approved on 2nd reading in the Convention.

State Rep. Elmer Martin Is Best For Us Because He Is One of Us!

No doubt about Elmer Martin. He is one of us. Elmer lives in a small town, earns his living from a nearby small farm. Small towns and rural communities like ours make up more than 75 per cent of our 5-county Legislative District 61 (Nolan, Fisher, Jones, Mitchell and mostly rural Taylor counties). The other 20-25 per cent are from inside Abilene. Martin's June 1 run-off election opponent is a metro-city lawyer from Abilene, which already has a State Senator and one State Representative, both lawyers. Our small towns and agriculture communities need more voice in Austin, not less. We need more of Elmer Martin.

The above plat shows Jones County as being the only County in a 16 County area that has an Attorney as its COUNTY JUDGE.

The Citizens of 15 of these Counties have continued to elect a Layman as THEIR County Judge year after year.

These Counties have not had to raise TAXES because of their election of a LAYMAN as their County Judge, nor will it be necessary for JONES COUNTY to raise TAXES simply because they elect a Layman instead of an Attorney as their County Judge as has been ADVOCATED by the OPPOSITION in this Campaign.

The records in Austin show that ONLY 66 of the 254 Counties of Texas have an Attorney as County Judge. These FACTS can be verified and I welcome your investigation.

Your continued support and vote will be appreciated.
